

SEMI-WEEKLY INTERIOR JOURNAL.

ISSUED EVERY TUESDAY AND FRIDAY AT \$1 A YEAR.

VOL. XXVIII.

STANFORD, KY., FRIDAY, SEPTEMBER 7, 1900. 9 A. M.

NO. 54

IN NEIGHBORING COUNTIES.

J. C. Abbott was appointed postmaster at Paisley, Wayne county.

Danville cleared \$1,199.49 on its water works during the year just closed.

A postoffice has been established at Cow Creek, Owsley county, with Alfred Eversole, postmaster.

Junco City, to have a commercial club. We hope it will live longer than the one Stanford people organized a year or so ago, which died the following week.

The Advocate does not compliment our good friend, W. C. Surber, of Junction City, when it speaks of him as the Mark Hanna of his town. Old Mark never saw the day when he was as good a man as Mr. S.

Sid Sutton was acquitted of the murder of Andrew Hays in Whitley. Sutton was charged with having shot Hays in a drunken row on last 4th of July, but the testimony developed that he did it in self-defense.

W. J. Massingale, a deputy sheriff of Pulaski, fired five shots at Julius Phelps, who was resisting arrest, at Somerset, but Phelps got away. Buckskin Bill's show was in town and several people narrowly escaped the shots.

Superintendent of Public Instruction McChesney will decline to send to John L. Powers Knox county's allowance out of the school fund. The ruling is on the ground that Powers being a fugitive from justice is not competent to receive it.

Wharton Cole, living near Artemus, was walking with a friend and had just raised his hand to explain something, when a bullet pierced his wrist. The most plausible theory regarding the shot is that it came from the gun of some hunter.

Lawrence Rice, of Pineville, has been employed by Eastern capitalists, in connection with Kentucky parties, to look into the matter of a survey for a proposed railroad from Harlan Court-house, Harlan county, to Pineville or Middlesboro, 30 or 40 miles distant, respectively. The parties have coal and timber lands along the proposed route.

Telling of the deplorable tragedy, the Richmond Climax says that Mr. Woods had repeatedly avoided a combat with Judge Tipton and that the final difficulty was brought on by Tipton, who approached Woods unawares and struck him a fearful blow in the left eye, when he drew his revolver and fired, the ball striking Mr. Tipton in the abdomen and going clear through the body. Hereupon Tipton threw up his hands and begged for mercy, and Woods with commendable moderation, though still smarting with the pain from Tipton's blow, put up his gun, saying he could not kill a man who pleaded for his life. The paper adds that Tipton, like a true gentleman, on his death bed, made a statement exonerating Mr. Woods and assuming the blame.

KINGSVILLE.

Mrs. W. L. McCarty and little son, Mike, will go to Lebanon Junction, this week, to visit relatives. Miss Gerie Pennybacker has returned from a visit to her sister, Mrs. Dineen, at Somerset. J. B. Adams, traveling salesman, of Hustonville, was here Tuesday. Dr. Joe L. McCarty, of Harrodsburg, is here practicing his profession of dentistry. Ex-Constable Ben Record and family have gone to Union to reside. The house party composed of the following young ladies: Misses Ella, Bella and Lucile Johnson and Elizabeth Creighton, of Kingsville, Lizzie Hood and Fannie Hays, of Sandy City, terminated Monday, after a delightful week at the pleasant country home of Mr. and Mrs. A. P. Huns. The happy guests will now remember the delightful hospitality extended by their host and hostess and the week spent in a round of gayeties in the way of dances, drives, dinners, her-rides, etc., and the many pleasant acquaintances made while there. E. W. Creighton has returned from a business trip to Somerset.

DEMOCRATIC CLUB AT MIDDLEBURG.

By the request of the president of the National Association of Democratic Clubs, the democrats of Middleburg precinct were called together to organize a club by Campaign Committee J. C. Coulter at 7 P. M., when the following officers were elected: G. P. Fogle, president; J. A. Wall, vice president; W. C. Bryant, secretary, and J. V. Coffey, treasurer. The club was organized with a membership of 30 active working members. By a unanimous vote we named our club The Ben V. Smith Democratic Club of Middleburg. We had no speech but all the members were in good humor and longed for the time to come when they might help elect our great leader, W. J. Bryan, and others. We expect to have 200 members by our next meeting. All back sliders taken in if they repent and come back into ranks. We are stronger democrats now than we ever were. Hurrah for Bryan, Beckham and Smith. W. C. B.

VOLCANIC ERUPTIONS.

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them. Also Ointment for Itch, Burns, Scalds, Chapped Hands, Chills, Heat, Pile cure on earth. Price 25 cents. Sold by Perry, Druggist.

MORELAND.

The fall term of the public school opened Monday morning at Petersburg, M. E. Pruitt, teacher.

B. B. King is at work on his coal chute here, and when complete, it will be one of the most up-to-date coal yards in this part of the county.

Hon. M. F. North, of Mt. Salem, has the thanks of the "boys" out here for material assistance in many ways. No more deserving man than he in habits this part of the county.

Alfred Coulter, of Ellensburg, Casey county, has rented the Peyton House here, for a year, possession to be given about Sept. 15. Mr. Peyton will move to other property here in Moreland.

The firm of Coffey Bros. & Co., at Milledgeville, has been dissolved. Charles Coffey having sold out to Huns & Coffey. The stock will be moved to the firm's new building here, Oct. 1st.

Jim McAllister is going after the money the Liberty Fair people are hanging up this week, and if the boys don't have some pretty good ones, Pantheon B. and Dr. Sparks will step away from them.

Josh Swope was out this way the other day with one of his original contrabands: "What is the difference between Buffalo Bill and Yerkes?" The answer is very apparent: Bill has a show and Yerkes has none.

Rev. Ernest Elliott, of Murfreesboro, Tenn., is holding a very interesting meeting at the Christian church at Turnersville. Rev. Burke filled Rev. Gilliam's appointment here last Sunday morning, as the latter was absent holding a protracted meeting.

The different turnpikes around here are all receiving their annual application of gravel, under the supervision of men appointed by the court. If all the pikes were in as good condition as those in this end of the county, free pikes would be a success, as they are in much better condition than when toll was collected.

A fair sample of the average republican incumbents of the country postoffices was evidenced near here last week. A postal card was dropped in the office at Milledgeville, directed to Tom Best, who gets his mail there. After giving it a trip off in search of said postoffice, it finally found its way back, stamped "Misent." Moral: Turn the rascals out.

Milford Cochran, aged 17 years, son of Hardin Cochran, of Kidd's Store, while en route Sunday night from Louisville to Lexington, via a side door sleeper, had occasion to change cars near Shelbyville, when he stepped off the train in the darkness, while standing on a trestle. He fell a distance of 50 feet, sustaining a compound fracture of one of his legs, also cuts and bruises about the head. The company's physician patched him up and sent him back to Moreland Monday.

"Aunt Millie" Moreland will leave in a few days to visit her daughter, Mrs. Ed H. Edwards, of Brooklyn, N. Y. J. D. Dalton is convalescing after a long illness. J. J. Spears, of Nicholasville, is over superintending some work on his farm near here. Uncle George Carter, who has been visiting one of his daughters in Indiana for the past few months, has returned home. He says the people of Indiana will roll up a handsome majority for democracy this fall, and that the standing of Mount in that State is very low on account of his establishing his "city of refuge" for Kentucky criminals. E. D. Payne is moving into his property in the south end of town, recently purchased by him.

The democracy of "this neck of the woods" met at Huns & Coffey's hall here Saturday night, and after a ringing speech by Hon. M. F. North, a democratic club was organized and the following officers elected to marshal the hosts of the section and lead them to a predestined victory in State and National politics: T. H. Wright, pres.; J. O. McAllister, vice pres.; M. Lee Pipes, sec'y; W. F. McAllister, treas.

A more enthusiastic meeting was never held anywhere, and the organization will no doubt be a great inducement to further the cause of "the great common people." Let all democrats turn out Saturday night, Sept. 8th, as business of importance will be carried on.

The republicans, we understand, met the other night to discuss ways and means and to organize, and the following dialogue occurred:

Tarter—Where is Harvey Mink?
Mink—Can't turn a wheel without him. Mink was called and explained that he had forgotten the password, and it was necessary to crawl through a hole in the fence.

Tom Beredict—They tell me the democrats are laying plans already to capture our colored troops. I tell you, boys, something must be did.

Elisha Hooker—They tell me the price of mules has advanced since Gilbert went in and we will have to keep the boys "bolstered up."

John Boyle—Pass the tin cup around and keep the water bucket full of water. Lazarus—Water? Liquor's what they want. Why water is dangerous. Just think of the people that's been drowned in the stuff; and brother Myers would not have a chance to air his prohibition-republican views.

Pier—No, give John an opportunity.

to tell us of his independent race for magistrate under the motto: "I run on my merits alone." (Loud cries of "King! King! King!") and followed by that great advocate of coming prosperity, mounting the rostrum and "Amen, gentlemen, the truth of the business, prosperity has arrived. The time has come for us all to go to work, to work, for the grand old republican party, during her reign, has succeeded in getting nearly \$50,000— (Loud cries from "black" republicans to "Whack up my part, boss; white man got the hog-face, if they did," mingled with loud shouts, and for the time pandemonium reigned. Some one turned over the lamp, exit white, black and Brown republicans.

CHURCH MATTERS.

Rev. George Darle's meeting at Ghent, resulted in 10 additions to the Christian church.

The Christian Guide says that Rev. W. E. Ellis is holding a revival at Springfield, Tenn.

Rev. F. S. Pollitt will hold the last quarterly meeting of the conference year here Saturday and Sunday and will preach twice each day.

Rev. W. E. Arnold, who has been editor of the Pentecostal Herald for about three years, has resigned and will enter the ministry again.

Eld Joseph Ballou closed a hot 10 days' meeting at Salem, Madison county, Tuesday night. Twenty persons were added to the church, 10 the last evening.

Bro. George Gowen received a unanimous call last Sunday to the ministry of Louisville Broadway Church. He is now in Franklin, Tenn.—Christian Guide.

The leaders of the Methodist church have planned a world wide revival to cover the first six months of the new year. A call will be made for 100,000 volunteers pledged to work for 1,000,000 converts.

Rev. W. M. Kuykendall has moved with his family to Bowling Green. He will take charge of the church at Scottsville, but will locate here. He is a step-son of Ex-Gov. P. H. Leslie. He and his family will be given a hearty welcome to Bowling Greeners, who will be glad to have them as permanent residents.—Evening Journal.

At the famous permanent exposition buildings will be occupied. They cover over 100,000 square feet of space, and will be filled with new, novel, instructive and interesting exhibits. The Zoo, Coney Island and other summer resorts will have special programs. A day will be set apart for the "Trades Unions of the city, and a other day devoted to a Monster Athletic Carnival.

Cincinnati cordially invites her neighbors to participate in these festivities. Low rate excursions will be run daily via Queen & Crescent routes and other special excursions for days upon which the vast program of festivities and amusements take place.

Editor W. P. Walton, of the Stanford INTERIOR JOURNAL, has returned from his vacation to Virginia hills and valleys and his pen is seen in his bright JOURNAL twice-a-week. Walton is one of a very select few of Kentucky newspaper men who are making a success of running a nonpartisan newspaper in a long primer town.—Elkton Progress.

NO RIGHT TO VIOLENCE.

The woman who is lovely in face, form and temper will always have friends. One who would be attractive must keep her health. If she is weak, sickly and all run down she will be no use and terrible. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, and a healthy skin, and complexion. It will make a good looking woman. Sold by Perry, Druggist.

John Edward Pearce, of Norton, Va., was here visiting Miss Ida May Adams. He went from here to Georgetown College, where he will take a position as instructor in music.

Mrs. Wm. Weber, of Chattanooga, Tenn., who has been visiting Mrs. Wm. Poynter, left Tuesday to visit friends in Danville. Mrs. Weber's family having moved to Knoxville during her absence, she will return a week later to her home at that place.

There was some excitement about dusk last night when the alarm of fire was given. It proved to be the dwelling of D. N. Williams, which had caught from a defective flue. The flames were extinguished, however, before any great amount of damage was done.

Many people who have had occasion to send telephone messages to Somerset, will be pleased to learn that after four or five months of the poorest kind of service, the lines and instruments have been put in good condition and the service is first class, both in talking and time in "ringing up."

Miss Rose Gentry is visiting friends at Preachersville.

HIS LIFE WAS SAVED. Mr. J. E. Lilly, a prominent citizen of Hannibal Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. Continued to use it, and now am well and strong. I can't say too much in its praise."

This marvelous medicine is the best and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Obtain free at Perry's Drug Store; every 10-day trial free. Sold by Perry, Druggist.

Mr. G. S. Gaines is repairing and painting his store and he will soon open a stock of groceries and farm utensils. Mr. George Smith, Jr., has returned from Rockcastle Springs. Messrs. Homer Batson and O. W. Shugars are in Michigan on a pleasure trip.

Hon. W. B. Smith delivered a stirring and rallying speech at the courthouse last Monday. His arguments against the methods and principles of republicans were absolutely irrefutable and his denunciation of trusts was so full and complete that it is a wonder how any man, who is not in a trust can be a republican.

R. E. McRoberts will give \$5 in gold for the best display of 20 ears of corn, and \$2.50 for the next best display. The shucks are to be turned back and plaited together in each display. All corn exhibited becomes the property of Mr. McRoberts.

The organization of the democrats will be complete in this county this fall. Every inch of the ground will be contested. The democrats are virtually united. There will not be half a dozen of them who will lend a helping hand to the enemy. The methods of the republicans have driven those who went astray, back into the fold and they are there to stay. No single issue will keep them from stamping under the rooster.

Dr. W. S. Beazley has advanced a theory which revives the charms, spells, sorcery and witchcraft of former days. His friends knew that he was charming, captivating and enchanting in social life, but they did not dream that he could exert a mysterious influence over the fowls of the air, especially the owl in its lonely nocturnal flights. He asserted that the offensive hooting of the owl could be hushed by turning a pocket watch side out, as he had done so repeatedly. The following gentlemen declare that they tried the experiment and that it worked: Mayor H. Kinnaird, S. C. Denny, Robert Embury, and R. L. Elkin. The effect was instantaneous on the hideous bird. Mr. Beazley is the centre of attraction and his name will be handed down as the chief among those who have become famous in witchcraft. The secret is in turning the right pocket. The theory is explained on the hypothesis that at death the spirit of robbers enter owls, and hat accounts for their hooting about the homes of wealthy men. So when an empty pocket book is shown the spirit of the robber causes the owl to leave the premises.

FEVER—Dr. O'Bannon tells us that there are five cases of typhoid fever in the Waynesburg and six in the Kingsville neighborhoods. There is only one here.

COMMITTEE MEETING.—The members of the democratic county committee are called to meet at Stanford in Hon. Harvey Helm's office at 10 A. M., Monday, Sept. 9th. John W. Holmes, Chairman.

IN the council meeting last night, I. M. Bruce was elected councilman in the place of J. S. Hundley, who doesn't live in town since the boundary has been contracted. J. E. Portman was elected city assessor.

GILBERT AND PRICE.—A great crowd will doubtless hear our excellent Congressman, George G. Gilbert, discuss the issues in his eloquent way here next Monday at 1:30. District Elector Price will also address the people.

LOUIS LANDRAM, of the Lancaster Record, is disgruntled with the frequent closings of the postoffice on account of holidays, which is a great annoyance to the people and presumes the next move will be to close on wash day.

THE Lincoln County Medical Society convenes at Hustonville next Tuesday. A paper on Etiology and Pathology of the various forms of malarial fever, will be read by Dr. L. B. Cook and the diagnosis and treatment by Dr. W. J. Edmiston.

HUSTONVILLE.—I will have a cutter with me from The Globe Traveling Co., of Cincinnati, the 21st and 22d. Come and see the best line for the least money ever brought to Hustonville and let me make your fall suit and overcoat. A. J. Adams.

TAKING HER TIME.—Mr. R. G. Collier tells us that he had a cat to give birth to a kitten some time ago; two weeks afterwards she had two more and several days later a single one came. This wonderful kitten story may be continued in our next as Mr. Collier tells us she is liable to do most any thing.

THE public school attendance jumped up to 125 Tuesday and is still climbing. Principal M. O. Winfrey tells us this is largely in excess of any beginning since he has been here and he takes it as an evidence that the patrons are pleased with his work. The three rooms of the building have been renovated and repapered and now present a most attractive appearance. Prof. Winfrey would like for all his patrons to come and see his methods and note the improvements.

ROBBED.—A respectable looking man named Morrison, and claiming to be a post-office detective from Indianapolis, came here a few days ago and proceeded to tank up on bug juice. It soon got him down and he was fined. Continuing to look on the wine while it was red, he was again arrested and that time ordered to jail. Shortly after his incarceration, Mr. Dave Elliott, of Middleburg, came for the horse and buggy that Morrison had come here in and Judge Carson told him if he wanted to be he could take Morrison with him, which he did. When Morrison arrived here he had \$375, but when he left he could show only \$22.40 and the supposition is that he was robbed. Marshall Newland says he is on to the robber and will soon land him behind the bars.

ALLEN HILL, a Stanford coon, seems to be in for it. When the colored excursion was here from Louisville last Sunday week, F. R. Owsley, who runs the elevator in the Courier Journal building, came to Stanford to see his sweetheart, and in order to be sure of looking well, brought two suits of clothes along. As he was about to start home and while his back was turned, somebody grabbed his package and made off in the darkness with it. Owsley went home disconsolate, but Allen appeared last Sunday dressed in a decent suit of clothes and as it is known that he tells not neither does he spin, suspicion was directed at once to him. The Louisville darkey was notified and he came at once and identified the clothing, which was a dress coat, a pair of pants, two shirts and cuff buttons. A bicycle pump was also found that belonged to Owsley, but the \$4 in money that was in the clothing had disappeared. Hill was tried before Judge Carson yesterday and the proof being overwhelming against him, he was held in \$200 to the circuit court. The value of the property was fixed at \$20.80, which makes the offense a penitentiary one, so Allen is pretty sure to go up the road.

EVERYBODY who knows Clarence Woods, of Richmond, knows that he could never have been induced to take human life, except under the greatest provocation, for while brave as a lion, he is in every respect as gentle as a woman and as adverse to personal conflicts. We know he must feel keenly the fact that a fellow man's blood is upon his hands, even though fully conscious that he acted only in his necessary self defense, for no savage thought ever entered his mind or desire to parade as a man killer. On the contrary no man has a greater horror of man-slaughter and we sympathize with him deeply and feel for all upon whom Judge Tipton's death falls heavily.

THE LIBERTY FAIR.—A crowd estimated as high as 3,000 attended the Casey county fair at Liberty yesterday and saw a good show of stock and exciting races. Lincoln county was well represented both by people and stock and a good share of the blue ties went to them. The Liberty band is furnishing the sweetest of music, everybody is on his best behavior and a good time generally is being enjoyed. Besides the I. J. representative, the Columbia News, Columbia Spectator and Danville News each had a man on the ground shaking hands with the "dear people." Following are a few of the awards: Rockaway horse or mare C. P. Brown, combined horse and dog; Skinner, Casey trot P. W. Napier, plug horse race Os Bowman, cow any age T. L. Carpenter, bull one year and under, T. L. Carpenter, bull one year and over E. R. Powell, roadster stallion, mare or gelding Dodd & Skinner first. W. S. Purdy second and W. S. Drye third, boy rider Herbert Warriner, girl rider Miss Lou Woodson, lady rider Mrs. I. C. Brown, fat man rider, premium divided between J. C. Coulter and Os Bowman, prettiest girl baby John Brown; Mr. and Mrs. C. H. Carter, of Lincoln, got second on their twins, phaeton pony James Giboney first and Len Shannon second, stallion or gelding Dodd & Skinner, mare over three years J. W. Gliven, mare three years Len Shannon, mare two and under J. P. Riffe, trotting male J. C. Brown, running mule Geo. Tate, trotting race McAllister Bros. first, Cunningham, of Mercer, second. A Taylor county man won the running race with Os Bowman second. Messrs. F. P. Combest, president, and A. P. Young, secretary, are filling their offices most acceptably, as is Chas. Montgomery, the efficient assistant secretary.

"CITY OF MACKINAC."

ABOARD STEAMER OF THAT NAME, EN ROUTE TO THE CITY OF SAME NAME.

LAND, STOCK, CROPS, & C.

Our train on the Q & C. was a little behind time, but by getting a move on himself, the engineer got us to Cincinnati on schedule time. The C. H. & D. was crowded to the doors but the clever and efficient conductor, Capt. Charley Burns, made us fare splendidly, giving us seats in a Pullman and otherwise favoring us.

We left Cincinnati with only five coaches, but there were 16 when we got to Toledo and they held 866 people, who were the blackest set I ever saw. I haven't got the cinders out of my eyes yet.

Crops are looking finely in Ohio and the cities along the line I came over are apparently prosperous, with many manufactories, busy stores and handsome residences.

On arriving at Toledo, we boarded the handsome steamer, City of Mackinac. The state rooms and parlors had been engaged, so we had to sit up and sleep, till we got to Detroit, when we went to a hotel and paid \$2.50 for lodging alone. Detroit is a beautiful city of 335,000 inhabitants. It is the metropolis of Michigan and most advantageously situated for business, and a great deal of it is done there.

The steamer, City of Mackinac, is the finest thing of the kind I ever saw. It is richly furnished and beautiful inside and out. Mrs. Alverson is enjoying the lake voyage greatly and we both hope to be greatly benefited by the trip. We will not reach Mackinac till Thursday noon. After staying there a few days, we will go to Sault Ste. Marie, Petoskey and other points of interest and possibly to Duluth, Minn.

The music and the fare on the steamer are splendid. A meal fit for the gods being furnished for 50c. There are 600 people on board, many being pretty girls, but not as pretty as the blue grass belles. It is impossible for me to describe the beauty of our moonlight ride on the lake last night. The waves looked like blocks of silver and as they tumbled over each other there was a sight worth coming to see. We are near Port Huron, Mich., now, where I will mail this. J. M. ALVERSON.

WOODS EXONERATED BY ALL.

RICHMOND, Sept. 6.—I am spending this week in Madison county, the birthplace of my father and mother, the home of my kindred.

The impression made upon me by the unfortunate death of French Tipton at the hands of Clarence E. Woods must be of some interest to the people of Lincoln, among whom they both have many friends. I have never seen a people more deeply grieved over a misfortune of this kind than the people of Madison, but all agree that Tipton, whom they all loved, deeply erred when he struck Woods, when Woods was not at all aware of his presence, and such I learn was Tipton's own statement. He died the victim of an impetuosity that few Kentuckians tolerate and none of his friends attempt to justify. I have not heard a reflection upon the good name or good character of Tipton or Woods, and this only seems to load the hearts of their friends with deeper sorrow and I can truly say

Absolutely Pure

the friends of one appear to be the friends of the other. It was one of those old Kentucky misunderstandings run to seed. I have heard it stated that some one was "hunting" Woods, not Tipton, however, was how Woods happened to be armed. Woods' bond of \$5,000 is said to represent an aggregated wealth of over a million dollars. Circuit court is now in session and Woods is said to be ready for trial at the present term and asks the fullest investigation. J. H. MILLER.

BOURBON COLLEGE FOR YOUNG LADIES.

This college will open on Wednesday, Sept. 5th, in Paris, Ky. Prof. M. G. Thomson, the President, has remodelled the convent property, and it is one of the best equipped institutions of learning in the State. The building is located 500 feet from the street with a broad lawn driveway and walks. It is a beautiful sight as you enter the grounds, dotted here and there with large forest trees.

The building contains thirty rooms for boarders, parlors, school room, chapel, both rooms and every convenience that could be desired. For a college building the rooms are the handsomest furnished we have seen, and there is an electric light in each room.

Prof. Thomson has spared neither money nor pains to make this the most attractive college in the State, and certainly has succeeded in doing so.

Another National ticket was launched at New York Wednesday, when Senator Donnell Caffery, of Louisiana, was named for president, and Archibald M. Howe, of Massachusetts, for vice president. The platform opposes imperialism and favors the gold standard.

Prohibition Platform.

City of Louisville, State of Kentucky.—The Prohibition party of the Commonwealth of Kentucky in convention represented, on this the 21st day of August, 1900, acknowledging Almighty God as the only true source and proper authority of all just government, accepts and adopts the National Prohibition party platform ratified at Chicago, June 28th last, and further declares that no other issue or combination of issues, Federal or State, now before the American people, is of so much importance to the future well-being of our country as the divorcing of Federal Government from and the universal suppression of the beverage liquor traffic in these United States and Territories.

Second—And that, further, no local laws, however promising or popular, backed by mere local majorities, can ever effectually suppress the traffic or materially retard its onward march to universal domination, so long as our Federal government remains the preferred partner and beneficiary in the legislative sponsor for, and the civil and military protector of the business, and continues to issue license to sell its liquors within prohibition territory in contempt of State laws and municipal ordinances.

Third—Therefore, with animosity toward none, but equal love and sympathy for all, we plead with every voter in this State to join with us in the great National and State issue for Prohibition.

Fourth—The Prohibition party is heedful of the rights and interests of women. We favor equal and exact justice to all. We demand equal pay for equal work, and stand for the wisest laws suited to a free people in each and every county where floats the American flag for the protection of American homes against the evils of intemperance, pestilence, disease and aggressive war. We call for the admission of women to wider spheres of usefulness, and we deem their co-operation necessary in rescuing the country from republican and democratic mismanagement and misrule.

We favor such an amendment to the present Constitution of Kentucky and wise revision of the election laws of Kentucky that every citizen, without regard to sex, color, previous condition of servitude, who can read or write the Declaration of Independence of the United States, shall, on attaining the age of 21 years, be allowed an unrestricted ballot, and such ballot shall be turned in as cast.

Fifth—We demand that laws be passed and rigidly enforced, excluding from entrance to the United States those who cannot read nor write, or who are criminals, paupers or dangerously diseased.

Sixth—We declare our unqualified condemnation of the barbarous practice, North and South, or elsewhere, known as lynching or assassinating human beings, suspected or charged with crime without due process of law.

Seventh—The ruling and uncompromising principle of Prohibition is the development of labor, industry, temperance and the moral sense of do not unto others what they should not do unto us in America, and thus by example enlighten the world and thus assist in ushering in the reign of Universal Peace.

Eighth—Resolved, That as all just law has its origin in the will of the great common people, therefore, we declare in favor of such amendment to the State Constitution or the State laws as will establish the initiative and referendum.
